3rd Annual Bihar TROPACON 2026

1st and 2nd May 2026 | Department of Microbiology | NSMCH, Bihta

Website Report

Glimpses from 3rd Annual Bihar TROPACON 2026 at NSMCH, Bihta.

Netaji Subhas Medical College & Hospital, Amhara, Bihta, Patna hosted the 3rd Annual Bihar TROPACON 2026 under the aegis of the Indian Academy of Tropical Parasitology (IATP), Bihar Chapter. The academic event was organized by the Department of Microbiology, NSMCH, with the theme "Parasitic Infection: Diagnosis Matters".

The programme brought together faculty members, clinicians, microbiologists, postgraduate students, laboratory professionals and delegates for focused academic interaction on tropical parasitology and diagnostic practices. The event aimed to strengthen scientific discussion, promote practical learning and emphasize the importance of timely and accurate diagnosis in parasitic infections.

The inaugural and academic sessions witnessed active participation from dignitaries, organizing members and delegates. The programme included scientific deliberations, workshop-based learning, demonstrations, discussions and interactions designed to enhance understanding of parasitic disease diagnosis from conventional microscopy to newer diagnostic technologies.

The conference reflected NSMCH's commitment to academic excellence, research orientation and capacity building in medical education. The event also provided a platform for young researchers and postgraduate students to engage with experts and gain practical exposure in the field of tropical parasitology.

3rd Annual Bihar TROPACON 2026

1st and 2nd May 2026 | Department of Microbiology | NSMCH, Bihta

Event Details

Event	3rd Annual Bihar TROPACON 2026
Date	1st and 2nd May 2026
Theme	Parasitic Infection: Diagnosis Matters
Venue	Auditorium, Netaji Subhas Medical College & Hospital, Amhara, Bihta, Patna
Organized by	Department of Microbiology, NSMCH, Bihta, Patna, Bihar
Association	Indian Academy of Tropical Parasitology (IATP), Bihar Chapter
BCMR Credit	4 + 4 hours for workshop and conference

Programme Highlights

- The event highlighted the role of accurate laboratory diagnosis in the management, control and prevention of parasitic infections.
- The pre-conference workshop on 1st May 2026 was designed as a hands-on and interactive learning activity, providing exposure to practical parasitology techniques.
- The scientific programme covered diagnostic parasitology, quality assurance, microscopy, serological diagnosis, molecular techniques, the role of AI and national health programmes.
- The participation of experts and delegates made the programme a meaningful academic gathering and reinforced NSMCH's emphasis on collaborative learning and scientific excellence.

Workshop and Conference Summary

Organizing Chairperson	Dr. Mukesh Kumar, Professor & Head, Department of Microbiology, NSMCH, Bihta
Workshop Date	1st May 2026
Conference Date	2nd May 2026
Workshop Mode	Hands-on and interactive
Target Audience	Consultant microbiologists, postgraduates and laboratory technicians
Conference Venue	Auditorium, NSMCH, Bihta, Patna
Scientific Focus	Parasitic infection diagnosis, microscopy, quality assurance, serology, molecular diagnosis, role of AI and national health programmes
