WORLD HEALTH DAY | 7TH APRIL 2026

Glimpses from the World Health Day 2026 awareness programme organized at NSMCH.

Event	World Health Day 2026	Date	7th April 2026
Venue	Netaji Subhas Medical College & Hospital, Amhara, Bihta, Patna	Theme	Health awareness and preventive healthcare
Participants	Faculty members, doctors, students and staff	Nature of Activity	Poster presentation, awareness activity and health education

Event Summary

Netaji Subhas Medical College & Hospital observed World Health Day 2026 with active participation from faculty members, doctors, students and staff. The programme focused on promoting preventive healthcare, healthy lifestyle practices, timely medical intervention and community health awareness.

Students and participants prepared awareness posters and took part in health education activities to communicate important public health messages in a simple and meaningful way. Faculty members appreciated the initiative and encouraged students to continue contributing towards public health awareness.

Detailed Event Report

World Health Day 2026 - Netaji Subhas Medical College & Hospital

Objectives of the Programme

- To create awareness about the importance of good health and preventive healthcare.
- To encourage healthy lifestyle practices among students, staff and the community.
- To highlight the role of future healthcare professionals in public health education.
- To promote early diagnosis, timely medical consultation and responsible health behaviour.

Key Activities Conducted

- Awareness posters were prepared and presented by students and participants.
- Health-related messages were displayed to promote preventive care and healthy living.
- A short awareness activity was conducted to explain public health messages in an easy and impactful manner.
- Faculty members, doctors, students and staff participated in the programme and supported the initiative.

Outcome and Impact

The programme successfully encouraged awareness about health, prevention and community responsibility. It provided students an opportunity to participate in public health communication and strengthened their understanding of healthcare beyond clinical practice.

The event also reflected the institution's continued commitment to education, compassion, preventive care and service to society. Such awareness initiatives help build a stronger connection between medical education and community health needs.

Conclusion

World Health Day 2026 was observed at Netaji Subhas Medical College & Hospital with enthusiasm and meaningful participation. The event conveyed a clear message on the importance of health awareness, preventive care and responsible participation in building a healthier society.
