CLINICAL RESEARCH ETHICS COMMITTEE

11th April 2026

Website Report

Clinical Research Ethics Committee session held on 11th April 2026 at NSMCH.

Event Overview

Netaji Subhas Medical College & Hospital, Amhara, Bihta, Patna organized a Clinical Research Ethics Committee session on 11th April 2026. The session brought together faculty members, committee members and participants to discuss key aspects of ethical conduct in clinical research and institutional research practices.

The programme included an academic presentation and interactive discussion on important principles related to research ethics, participant safety, informed consent, confidentiality, scientific integrity and responsible documentation. The session emphasized the role of ethics committee review in ensuring that clinical studies are conducted in a transparent, accountable and patient-centered manner.

The gathering also provided an opportunity for the participants to understand the importance of regulatory compliance, fair review of research proposals and protection of the rights and welfare of study participants. Faculty members and committee representatives shared their

observations and encouraged a disciplined approach towards ethical research activity within the institution.

The event reflected the institution's commitment to strengthening research culture, maintaining ethical standards and promoting quality academic practices among faculty members, researchers and students.
