

## RECRUITMENT PROCESS

Companies that wish to participate in the recruitment process of NSIT are required to indicate the job profile, preferred skill set and approximate CTC by dropping a mail to placement @ [tpo@nsit.in](mailto:tpo@nsit.in) . Based on this information, the schedule for company visit is finalized in consultation with the respective company. The students are informed about the company and the job profile following which the interested students register for the recruitment process.

**On Campus:** the companies are invited as per their convenience and they are given an opportunity to give a pre placement presentation. The entire procedure for recruitment (GD, Aptitude test, PI etc.) is left to the companies choice. All facilities and logistics are arranged by the placement committee.

**Off Campus:** Companies which are unable to visit the Campus are provided with the updated CV/ Resumes of the registered students. The companies can shortlist the students and call them for the recruitment process at their office. Post recruitment process the recruiting company is required to announce and intimate the institute about the final list of he selected students.

**Online Campus Placement:** Online communications have revolutionized the credibility of the virtual platforms. Therefore NSIT now encourages placements through various online/ virtual platforms. The motive is to associate with the industry and to help the students by providing job opportunities.
