

To,

Sub:- INVITATION TO VISIT OUR CAMPUS FOR PLACEMENT

Dear Sir/Madam

We would like to take this opportunity to invite your valued company for placement from our campus.

We are pleased to introduce ourselves as Netaji Subhas Institute of Technology and Netaji Subhas institute of Polytechnic, The largest and best Private College of Engineering (Degree and Diploma) as well as Undergraduate Management course in Bihar situated at Bihta just 25 kms. away from Patna. It is easily approachable by road and railways.

We run Engineering and Diploma courses in branches like Computer Science, Civil, Mechanical, Electrical and Electrical & Electronics. Our institute is AICTE approved and we are in process of getting NAAC accreditation.

A detailed information about the institute is available at our website [www.nsit.in](http://www.nsit.in).

The institute has an active placement committee which takes care of training and placement of the students from all streams and coordinate with prospective companies for placements.

The objective of the institute placement committee is to help the students identify their career goals and provide them the environment and best possible opportunities to compete in the highly competitive job market. The scope of work of placement committee extends from organizing workshops to providing internships and project work in various organizations and preparing students for the final placement.

Several renowned companies have visited our campus and recruited our students in the past.

We will be extremely obliged if you could join the companies which have taken part earlier in our Endeavour of making the students move ahead in their career.

We invite you for placement of our final year students. We will be providing you the infrastructural facilities for conducting tests, interviews, presentations and group discussions.

Looking forward to your valued presence in our Campus.

We would appreciate your kind consent to our campus through mail to “ [tpo@nsit.in](mailto:tpo@nsit.in) “

Thanks and regards

Shekhar Srivastava
